OUR SUSTAINABLE PRACTICES

Our eco-logical practices include rainwater harvesting, electric generation using solar panels, heat pumps for hot water, sewage treatment plants, garbage composting.

Our rooms are almost 100 percent plastic free.

No use of chemical pesticides, RO refilled bottles, refillable toiletries, thoughtfully designed brand stationery and many more such steps help us reduce our footprint.

Every year we plant trees in and around our properties and have added more than 1000 trees to our environs.

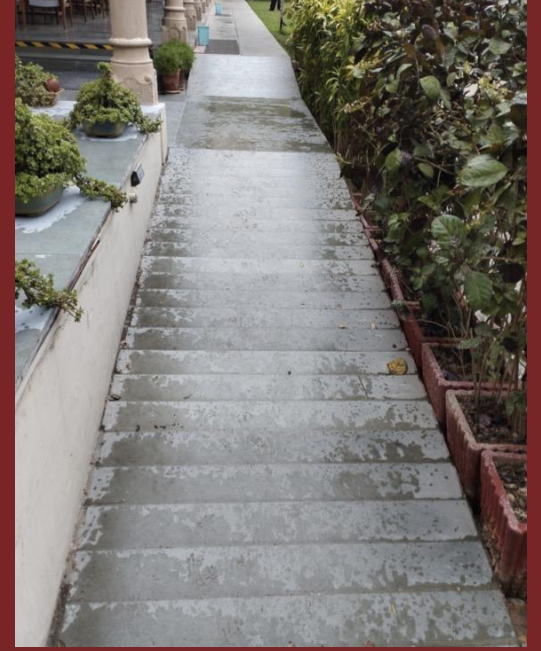

MEASURES FOR THE COMFORT OF DIFFERENTLY ABLED

Especially designed ramps are everywhere around the hotel for easy access by a wheelchair. They have ridges that prevent slipping.

We have a public restroom which has bars for support.

One room has been provided for the differently abled. It has easy accessibility from reception and has the required support bars in the bathroom.

RELAX | UNWIND | REJUVENATE

Activities & experiences at our hotels include

CRAFT | FOLK MUSIC & DANCE | HERITAGE

We honour our responsibility towards society and our cultural, social, historical inheritance.

We use only locally sourced fabric, upholstery. We promote local crafts and arts in our decor. We hold daily folk, classical music shows. Our hotels celebrate the design and architecture styles of our land.
